

**SURGICAL AND HOSPITAL AUTHORIZATION**

Our greatest concern is for your pet while he/she undergoes anesthesia. Because of this concern, we strongly recommend a pre-anesthetic blood profile be performed prior to surgery. The profile maximizes safety by alerting the doctors the presence of Anemia, Kidney and/or Liver disease, which could compromise your pet's ability to handle anesthesia. The results of this profile can alert your doctor to either adjust levels or delay the procedure.

**The cost of the Pre-Anesthetic Blood Profile is: \$154.02**

YES  I want the pre-anesthetic bloodwork.

NO  I decline the pre-anesthetic bloodwork

**Medicated Shampoo:** Would you like for us to use a medication shampoo on you pet that may help with any skin irritation? The cost of the shampoo ranges from **\$5-\$15** dollars depending on the size of the pet.  Yes I want a medicated shampoo used on my pet  No I do not want a medicated shampoo used on my pet

**SURGICAL AND HOSPITAL AUTHORIZATION**

I hereby consent to authorize Lanett Animal Clinic and staff to receive, prescribe for, treat or operate upon my animal(s).

The Lanett Animal clinic and staff are to use all reasonable precautions against injury, escape or destruction of the animal. I understand that all anesthesia involves some risk to my pet, but Lanett

Animal Clinic will not be held responsible in any manner whatsoever.

I also understand that Lanett Animal Clinic is not staffed 24 hours a day and after hours treatment of

the patient is at the discretion of the veterinarian.

In the unlikely event that your pet suffers from cardiac or pulmonary arrest while under anesthesia,

please provide:

Life saving measures (needed injectable medicines, **CPR**) additional cost of \$100-\$200
